

Celine A Biography

Ian Halperin

Céline Georges-Hébert Germain,1998-09 This authoritative biography tells the rags to riches story of a young girl from Charlemagne, Quebec, who became the #1-selling recording artist in the world.

Céline Frédéric Vitoux,1992 Drawing on a wealth of unpublished letters and documents and first-ever interviews with Celine's widow, Frederic Vitoux brilliantly weaves together all the available information on Celine into an extraordinary portrait of Celine's temptuous life and times. Photographs.

Louis-Ferdinand Céline Damian Catani,2021-10-13 The first English-language biography in more than two decades of the French writer, one of the great novelists of the twentieth century. Louis-Ferdinand Céline was one of the most innovative novelists of the twentieth century, and his influence both in his native France and beyond remains huge. This book sheds light on Céline's groundbreaking novels, which drew extensively on his complex life: he rose from humble beginnings to worldwide literary fame, then dramatically fell from grace only to return, belatedly, to the limelight. Céline's subversive writing remains fresh and urgent today, despite his controversial political views and inflammatory pamphlets that threatened to ruin his reputation. The first English-language biography of Céline in more than two decades, this book explores new material and reminds us why the author belongs in the pantheon of modern greats.

Celine Patrick McCarthy,1976

Celine Dion Celine Dion,2001-12-04 The talented and beautiful woman who has moved us with her singing now moves us with her words. Celine Dion -- My Story, My Dream is an unforgettable true story of courage, perseverance, dedication, and devotion -- told with the wide-eyed honesty of someone who has basked in the glowing adoration of millions of fans but has never lost touch with her working-class roots. Here is a book for anyone who has ever wondered about the real person behind the magnificent voice. Touching and funny, fascinating and uplifting, it is an exquisitely detailed portrait of a remarkable woman who has never backed away from any challenge...even the most daunting challenges of the heart.

Celine Frederic Vitoux,Jesse Browner,1994-07-01 Drawing on a wealth of unpublished letters and documents and first-ever interviews with Celine's widow, Frederic Vitoux brilliantly weaves together all the available information on Celine into an extraordinary portrait of Celine's temptuous life and times. Photographs.

René Angélil Jean Beaunoyer,2004-03 Previously unknown details of Rene Angelil's personal and professional life are

revealed in this investigation into the man who orchestrated one of the foremost successes in the history of show business. A seducer, dreamer, and inveterate gambler, Angelil lived through the 1960s with an attitude of blissful insouciance, only to suffer a series of professional setbacks and disappointments in love, which did not prevent him from achieving fame and fortune. In 1981, Rene Angelil staked his life on a single card: Celine Dion. His bet succeeded, yet the road ahead was still rocky. His health gave way, and as he was recovering, an accusation of sexual assault threatened to ruin his reputation. What comes next in the life of this inveterate gambler? This biography takes us far beyond the idealized, indulgent image presented by the media. Is this powerful man a genius? Is he the victim of a conspiracy, or does he abuse his power? Why is he so feared? This completely up-to-date book contains answers to all these questions and much more.

Louis-Ferdinand Céline Merlin Thomas,1980 This book is neither an apology nor a defense, it's a critical biography of the late French novelist.

Celine Dion Céline Dion,Georges-Hébert Germain,2001 Discusses the life and career of the performer who has moved the world with song, from her childhood as the fourteenth child of a working-class Canadian family, to her storybook marriage, victory over cancer, and anticipation of parenthood.

Céline Patrick McCarthy,1976

Celine Peter Heller,2017-03-07 NATIONAL BESTSELLER • From the author of *The River* and *The Dog Stars* comes another gorgeously wrought story—equal parts character study and mystery—a young woman asks Celine, a badass Brooklyn private eye, to investigate the death of her father, a nature photographer (*Entertainment Weekly*). Celine is not your typical private eye. With prep school pedigree and a pair of opera glasses for stakeouts, her methods are unconventional but extremely successful. Working out of her jewel box of an apartment nestled under the Brooklyn Bridge, Celine has made a career out of tracking down missing persons nobody else can find. But when a young woman named Gabriela employs her expertise, what was meant to be Celine's last case becomes a scavenger hunt through her own memories, the secrets there and the surprising redemptions. Gabriela's father was a National Geographic photographer who went missing in Wyoming

twenty years ago and while he was assumed to have been mauled by a grizzly his body was never found. Celine and her partner set out to Yellowstone National Park to follow a trail gone cold but soon realize that somebody desperately wants to keep this case closed. Combining ingenious plotting with crystalline prose and sweeping natural panoramas, Peter Heller gives us his finest work to date. Look for Peter Heller's new novel, *The Last Ranger*, coming soon!

Celine Frederic Vitoux,1994-04 Traces the life of the French writer from his childhood to his brutal experiences during World War I, his exile in Denmark in the final days of the Third Reich, and his literary success during the last decade of his life.

The Life of Celine Nicholas Hewitt,1991-01-16 This invaluable book not only assesses the life and work of one of Europe's most important and innovative writers, it also casts revealing light on crucial areas of French cultural, social, and political history.

Celine Dion Lisa Peters,Della Druick,2000-05 Born the youngest of 14 children, into a poor French Canadian family, Celine Dion began to sing at the age of five, soon she was a child star spending most of her teenage years on stage. Lisa Peters, her long-time friend and confidante, reveals what really drives the star in this personal account of her life and rise to fame.

Celine Dion Jenna Glatzer,2005-10 With new interviews and special memorabilia, *Celine Dion: For Keeps* invites her fans to get to know the professional and personal parts of her life as never before.

Celine Dion Ian Halperin,1997

Passion Celine Dion Sylvain Beauregard,2002 A unique reference book on one of the most successful carriers in show business, the perfect reference for fans of Celine Dion. This book is also useful for any other music lovers or professionals as well.

Céline Dion Melanie Cole,1999 A biography of the French Canadian girl, youngest of fourteen siblings, who has become an international singing sensation.

MEA CULPA & The Life and Work of Semmelweis Louis-Ferdinand Céline,2020-03-03 Coming just after his masterpieces *Journey to the End of the Night* and *Death on the Installment Plan*, *Mea Culpa* is Céline's scathing denunciation of Soviet communism, written after a personal visit to that worker's paradise in the 1930s. In his inimitable, blistering style, Céline strips bare not only the communist experiment but also all other modern systems, showing them for what they are: illusions destined to fail because they are based on false ideas about the nature of Man. At a time when many other writers and intellectuals were fawning over the Soviet Union and the ideas of Marx and Lenin, Céline was quick to see them for what they really were, and *Mea Culpa* now stands as a prescient and accurate statement about the true nature of communism in the modern world. Also included in this volume is *The Life and Work of Semmelweis*, Céline's first book. This meditation on

the heroic and tragic physician who pioneered antiseptics in medicine gives us a key to understanding Céline's vision of life and all of his subsequent work. Written in a more conventional style than his later books, Céline's genius for trenchant observation is nonetheless fully apparent.
