Industrie de l'accueil Stefan Fraenkel, Ray F. Iunius, 2007-12-13 Industrie de l'accueil, industrie de l'hospitalité, industrie de services, bref de multiples façons d'identifier un secteur aujourd'hui en perpétuelle évolution et en quête de son identité. Cet ouvrage a la volonté de présenter l'hospitalité comme un concept lié à l'industrie de l'accueil et, plus particulièrement, aux métiers de l'accueil. La fonction d'hospitalité tend aujourd'hui à trouver sa niche dans les organigrammes comme fonction stratégique de support, à l'instar des finances, du marketing, etc. Les auteurs apportent ici avant tout une vision critique et conceptuelle sur la transformation d'un secteur économique, lié à l'évolution du tourisme en général et aux nouveaux comportements des consommateurs. Grâce à ce manuel original, le lecteur pourra comprendre l'histoire, le développement et les tendances actuelles de l'industrie de l'accueil, tant au niveau international que national, tout en maîtrisant ses composantes, ses particularismes et son influence globale. Cet ouvrage s'adresse aux enseignants et étudiants des métiers de l'accueil, ainsi qu'aux professionnels et praticiens de l'industrie de l'accueil. Il intéressera également toute personne souhaitant comprendre le fonctionnement de ce secteur en pleine mutation.

*Managing Quality of Life in Tourism and Hospitality* Muzaffer Uysal, M Joseph Sirgy, Stefan Kruger, 2018-10-29 Quality-of-life research in tourism and hospitality has gained much momentum in the past two decades. This line of research covers three main areas of focus: (i) the impacts of specific tourism and hospitality programmes on the overall quality of life of tourists/guests; (ii) the providers of goods and services; (iii) tourist communities, including the impact of different programmes and events on the quality of life of residents in these communities. Focusing on these key subjects, *Managing Quality of Life in Tourism and Hospitality* provides a portfolio of selected cases showing best practice and delivering them to the forefront of knowledge application, with examples in tourism and hospitality settings. Best practice case studies are included throughout, providing practical implications and lessons learned. These lessons can be applied by tourism and hospitality practitioners and community leaders, and be used to further research by academics working within tourism and hospitality. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive Indices covering 50-volume-lots are published separately. A Standing Order service is available for the Series and out-of-print volumes are available on microfiche.

**Annuaire Europeen 1988 - European Yearbook 1988** P. Drilien,Council of Europe/Conseil de L'Europe,1990-03-26 The European Yearbook has expanded over the years in keeping with the role played by European institutions compared with national ones. It is an indispensable work of reference for anyone dealing with these institutions, which have become so numerous & varied that no-one can possibly memorise all their acronyms or functions. The European Yearbook provides aids for finding one's way through the labyrinth of these organisations which coordinate a variety of activities in over 20 countries. One of the aids is an 'organisation chart' at the beginning of the documentary section, giving a clear picture of the general situation. A perusal of the many contributions in the volume organisation by organisation, shows the full diversity of the activities which Europe is gradually taking over from national governments, with their consent & financial support. Written in both of the Council of Europe's official languages, English & French, the European Yearbook also contains a general index by subject & name which constitutes a very valuable list of articles & provides direct access to the work's subject matter, regardless of the particular organisation concerned, offering a kind of cross-section of the activities of European organisations.

**Vivre en famille d'accueil jusqu'à mes 18 ans** Louise Carignan,Jacques Moreau,2011-07-11T00:00:00-04:00 Une réflexion sur l'adaptation sociale et personnelle des jeunes placés en famille d'accueil jusqu'à leur majorité sans possibilité de retour avec leurs parents biologiques Les auteurs nous proposent d'analyser ce processus d'adaptation en fonction de diverses trajectoires de placement et du maintien, ou non, des contacts avec les parents biologiques. Le contenu est basé sur les résultats d'une recherche effectuée auprès de jeunes placés jusqu'à leur majorité dans des familles d'accueil. Ils présentent le point de vue des jeunes, tentent de comprendre les liens d'affiliation aux prises avec deux familles, proposent un cadre de réflexion aux futurs intervenants sociaux et offrent des balises aux professionnels dans leur processus de décision concernant le maintien ou le non-maintien du lien avec la famille biologique dans le meilleur intérêt des enfants lors d'un projet de vie. Ils espèrent ainsi contribuer au développement de « nouvelles pratiques sociales fondées sur des données probantes » et nourrir la mise à jour de la formation des intervenantes et des intervenants sociaux intéressés aux enfants ou aux jeunes, et plus particulièrement à ceux en besoin de protection. Ce livre s'adresse aussi aux étudiants tant de niveau collégial qu'universitaire ainsi qu'aux chercheurs en sciences sociales qui souhaitent se familiariser avec l'évolution des pratiques sociales en matière de placement familial au Québec.

**L'accueil familial thérapeutique pour adulte** Martine Perrasse,2011-11-25 Dans les années 1960, le courant de désinstitutionalisation porté par un vent de liberté inscrit l'accueil familial thérapeutique dans le dispositif de soins psychiatrique. Dès lors, l'accueil familial thérapeutique n'est plus une simple alternative à l'hospitalisation psychiatrique. Au-delà de son originalité dans le parcours de soins et de l'environnement nouveau qu'il propose au patient, il représente une réelle opportunité de réadaptation. L'accueil familial thérapeutique s'adresse à des patients de tous âges souffrant de troubles mentaux pour lesquels le maintien ou le retour dans la famille d'origine ne paraît pas souhaitable ou possible. Accueillis dans des familles ordinaires, les patients bénéficient d'une prise en charge psychiatrique qui se situe à l'interface

de l'institutionnel et de la cité, avec un accompagnement attentif des équipes soignantes qui constatent au quotidien une amélioration de leur état et de leurs possibilités de re- socialisation. Les auteurs de cet ouvrage apportent ainsi un éclairage clinique nouveau sur ce carrefour qui réunit le social, l'affectif et le thérapeutique dans lequel se retrouve le patient lorsqu'il est accueilli dans une famille d'accueil. Cet ouvrage propose une réelle tentative de formalisation des ressorts thérapeutiques de cette pratique atypique et humaine. La complexité du dispositif a requis les regards croisés de médecins psychiatres, d'un psychologue et d'un juriste. Comme dans toute prise en charge psychiatrique, les difficultés sont nombreuses. Ensemble, professionnels de santé et familles d'accueil parviennent le plus souvent à les surmonter. Sont-elles extraordinaires ces familles qui soignent ? Largement illustré par des cas cliniques évocateurs, ce livre intéressera tous les professionnels de santé exerçant dans des services d'accueil familial thérapeutique, et plus largement les acteurs du soin en psychiatrie, sans oublier les familles d'accueil, les patients et leurs proches.

**Le recrutement, la sélection et l'accueil du personnel** François Bernard Malo,2011-01-06T00:00:00-05:00 Parmi toutes les pratiques de gestion des ressources humaines (GRH), la dotation est probablement celle où le savoir-faire et le savoir-être sont au moins tout aussi importants que les connaissances. Pour développer ces deux premiers aspects, rien ne

vaut la mise en pratique des théories apprises afin de poser un regard critique sur celles-ci. Le recrutement, la sélection et l'accueil du personnel est le premier ouvrage francophone écrit dans le but d'offrir une aide à la prise de décision totale en matière de dotation. De la planification de la procédure d'embauche à l'accueil et l'intégration des nouveaux employés, en passant par le recrutement et la sélection, chaque étape du processus de dotation est couverte par le biais de questions, de mises en situation, d'exercices et d'outils. Le professeur en GRH pourra utiliser cette panoplie d'instruments pour dynamiser son enseignement en classe. Le professionnel en GRH trouvera quant à lui dans ce livre une source d'inspiration pour créer ses propres outils de recrutement et de sélection du personnel. Enfin, le gestionnaire d'une PME/PMI ne pouvant bénéficier des conseils d'un professionnel des RH s'en servira comme point de départ pour développer ses compétences en la matière.

**Euro-scepticism as a Transnational and Pan-European Phenomenon** John FitzGibbon,Benjamin Leruth,Nick Startin,2016-08-19 As the EU enters an increasingly uncertain phase after the 2016 Brexit referendum, Euro-scepticism continues to become an increasingly embedded phenomenon within party systems, non-party groups and within the media. Yet, academic literature has paid little attention to the emergence of, and increased development of, transnational and pan-European networks of EU opposition. As the 'gap' between Europe's mainstream political elites and an increasingly sceptical public has widened, pan-European spheres of opposition towards the EU have developed and evolved. The volume sets out to explain how such an innately contradictory phenomenon as transnational Euro-scepticism has emerged. It draws on a variety of perspectives and case studies in a number of spheres - the European Parliament, political parties, the media, civil society and public opinion. Examining to what extent the pan-European dimension of Euro-scepticism is becoming increasingly influential, it argues that opposition to European integration has for too long been viewed somewhat narrowly, through the paradigm of national party politics. This text will be of key interest to scholars, students and professionals in EU politics, European studies, political parties, and more broadly to comparative politics and international relations.
